**DETAILED ACTION**

***Election/Restrictions***

Applicant's election with traverse of Group I, claims 2 and 4-9 in the reply filed on June 30, 2005 is acknowledged. The traversal is on the ground(s) as set forth in the instant remarks. This is not found persuasive because the transitional expression "consisting of" in each of independent claims 2, 3, and 10 has made each Group of claims independent and distinct from each other. For example, newly added claim 10 fails to link claims 2 and 3 together because claim 10 consists of Al, Ca, Si, Sn, REM, Zn, and Mg but claim 2 excludes REM and claim 3 excludes Sn.

The requirement is still deemed proper and is therefore made FINAL.

This application is in condition for allowance except for the presence of claims 3 and 10 to an invention non-elected with traverse in the reply filed on June 30, 2005. Applicant is given TWO MONTH from the date of this letter to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

***Allowable Subject Matter***

Claims 2 and 4-9 are allowed.

Art Unit: 1742

The following is a statement of reasons for the indication of allowable subject matter: References of record fail to disclose the claimed Mg based alloy composition because of the instant recited transitional expression "consisting of".
